Seattle Musical Theatre

The past or present support or involvement of the listed organizations and individuals does not connote agreement with any content or aspect of the play or this production. We recognize that people can share the goal of ending the Israeli occupation of Palestine, yet differ in how that message is conveyed or the means to that end. We want to acknowledge those who have contributed to the evolution of this project, but we alone are accountable for its message.

Abraham's Land is a fiction, but the pain and trauma that Palestinians are suffering at the hands of their Israeli occupiers is real and ongoing. We also encourage you to donate to Palestine Charity Team, providing humanitarian assistance to families in Gaza, <https://palestinecharities.org/>.

You may support this project directly with a tax-deductible donation via Fractured Atlas/Abraham's Land. <https://fundraising.fracturedatlas.org/abraham-s-land>. Your support will help defray the costs of production and distribution of the edited livestream. A generous portion of proceeds from ticket sales are being donated to charities working toward justice and peace for Palestinians and Israelis.
